Celebrating

the Power of

Breastfeeding

Dear Friend of La Leche League,

We invite you to participate as an exhibitor, advertiser, or sponsor at the La Leche League International 50th Anniversary Conference, "50 Years: Celebrating the Power of Breastfeeding" in Chicago, IL, July 20-23, 2007.

Our audience is highly targeted. Planning to attend are La Leche League Leaders, lactation consultants, nurses, physicians, childbirth educators, health care providers, parents, and children with about 15 percent coming from outside the USA. Exposure to this La Leche League constituency provides you with the potential to reach our worldwide membership of more than 60,000 families at a very reasonable cost.

Since this is a special Golden Anniversary Conference and exhibit space is limited, we anticipate a sell-out. We will fill space on a first come, first served basis.

We have slotted several hours of unopposed Exhibit Hours and a Grand Opening Reception in the Exhibit Hall which will encourage conference attendees to visit.

La Leche League International Conferences are an effective and profitable way to market your products. With the enclosures, you will be able to reserve an exhibit booth, reserve space for ads in the Conference Program Book, and request information on advertising in a variety of La Leche League International publications.

This opportunity only comes around once every two years, so don't miss this chance to meet past and future customers face-to-face. Please take some time to review the following material and give your strong consideration to participating in this event.

Sincerely,

ReNata Bauder
Exhibits Manager

LLLI will attempt to separate exhibits of similar products and/or services and will try to honor your request if you do not wish to be located near a specific organization or product. However, LLLI cannot guarantee such spacing. LLLI may change the exhibit booth configuration if necessary to improve traffic flow.

Advertising

Advertisements in the Conference Program are available in two-color format (Second color is determined by LLLI). Exhibitors receive a 15% discount on rates. Ads should arrive at LLLI prior to May 25, 2007. Advertisements that are not in acceptable formats or are received late will forfeit their place in the Program Book.

Send finished ads to the LLLI office marked "Attention: Conference/N.J.Bykowski." Include your email address so we may acknowledge receipt. If you have not received an acknowledgement by June 10, 2007, call ReNata Bauder, Exhibits Manager, at 847-519-7730 x 254 to inquire on status of advertisement.

Sponsorship

This extra financial contribution to La Leche League International provides you with additional publicity opportunities. Your company's name is announced as a function underwriter and acknowledged at the entrance to the room or hall in which it is held.

There is also a special heading in the Conference Program for names of companies and the events they sponsor. If you would like our Exhibit Manager to contact you regarding underwriting a certain aspect of the Conference, check the appropriate box on the Exhibitor Application.

Celebrating

the Power of

La Leche League International has always known that breastfeeding plays a crucial role in developing a healthy future. A woman's decision to breastfeed is an investment in the future; the welfare of children around the world depends on their receiving mother's milk.

From a group of seven mothers who joined together in 1956 to offer support to their friends, La Leche League International has grown into an international organization that reaches more than 300,000 people every month. Its size and scope have changed, but the mission remains constant: to help mothers worldwide to breastfeed through mother-to-mother support, encouragement, information, and education and to promote a better understanding of breastfeeding as an important element in the healthy development of the baby and mother.
